

Walking Holiday in Menorca

Fifteen members of the Travel club enjoyed a week's holiday in May with walking arranged by Balearic Outdoor Holidays, based in Cala Galdana, Menorca, staying at the luxury 4* Artiem Audax Hotel.

A pleasant and varied programme of five walks was led by Caroline, John and Bernat, with water, picnic lunch and walkers' poles provided. Menorca is a small, delightful island, with lanes bordered with wild flowers and stone walls and very little traffic. The island's geology, bird life and beaches were photographed and identified. There was plenty of down time to use the hotel's two pools, spa, a stroll along the beach and to listen to the evening's entertainment. And there was dancing by some too! One walk included a visit to the island's capital, Mahon, while several of the Group visited the other main town and former capital, Ciutadella, on the day with no organised walk.
